

# Curriculum, Planning & More, Oh My!

August 25, 2020

## Curriculum

We are excited to partner with your family in your child's education. In efforts to create a well-rounded plan, our SLPCs will be connecting with you during the first week of school to find out your curriculum selection. If you are unsure of curriculum materials, your Student Learning Plan Certified (SLPC) Teacher will be back next week to assist in helping you select the best curriculum to support your teaching and learning with MP3! In the meantime, feel free to check out the [MP3 Top Picks!](#)

## Planning

Now is a great time to think about how you want to structure your week. Some homeschool families may plan on a 4-day a week schedule to create time for other opportunities. Working families might preview lessons in the evening so their children know what to do during the day. The flexibility of alternative learning is that you get to create a schedule that works for your family!

## Q: How to login to WINGS?

A: New families received an email with WINGS login and password information. Please check your SPAM if you have not received an email from our Registrar, Monica Campfield.

<https://www.wingsnw.com/wings/mp3/>

## Q: Will the MP3 library be open?

A: The MP3 library is closed to the public due to COVID however library requests can be submitted through your SLPC as well as an arranged pick up time. SLPCs will be busy approving SLPs and POs the first few weeks so they will do their best to pull the curriculum. MP3 will be processing core curriculum purchase orders as a priority so families have access to learning materials.

## Q: What should I expect the first week of school?

A: School begins on September 2nd and SLPCs will be contacting you during the first week of school (Aug. 31-Sept. 4) to make initial contact and to touch base with you about approving your SLP as well as helping you select curriculum. Please plan on a slow start and enjoy your homeschool journey!
