

Meridian School District Emergency Connectivity Fund Survey

Greetings Families!

We need your help! The Meridian School District is eligible to receive federal technology funding for each student that **“DID NOT HAVE”** personal devices or Internet service sufficient to meet the following district's remote learning requirements.

- A 2-in-1 Chromebook with mechanical keyboard and precision stylus for written input
- Broadband internet access

This additional funding will help secure ownership of leased student devices and Internet service.

You may also complete this form online by signing into your Skyward account at <http://family.meridian.wa-k12.net> through your web browser. The electronic form is not available in the Skyward Mobile App.

Please check the following true statement for each of your students.

I certify that for _____
(Student First Name) (Student Last Name) (School) (Grade)

Meridian is eligible to receive funding for your student if **EITHER** of the following are true.

(This cannot be the district assigned device and must be sufficient for all students in the household accessing the internet at the same time.)

☐

MY STUDENT DID NOT HAVE a personal 2-in-1 Chromebook with a stylus that is sufficient to meet the district's remote learning requirements.

☐

MY STUDENT DID NOT HAVE broadband internet connectivity that is sufficient to meet the district's remote learning requirements.

Meridian is not eligible to receive funding for your student if **BOTH** of the following are true.

(This cannot be the district assigned device and must be sufficient for all students in the household accessing the internet at the same time.)

☐

MY STUDENT HAD a personal 2-in-1 Chromebook with a stylus that is sufficient to meet the district's remote learning requirements.

☐

MY STUDENT HAD broadband internet connectivity that is sufficient to meet the district's remote learning requirements.

Parent Signature: _____ Date: _____
