

## Wellness Policy Advisory Group

Jan. 22, 2024

**Introduction:** Director of Food and Nutrition Rob Dunn welcomed advisory group members and reviewed previous meeting minutes with members.

**Policy and procedure 6700 review:** Rob reviewed the Nutrition Education section and answered questions by advisory group members.

- What grade does the program begin?
- Helpful to know what is currently being taught for the nutrition education program.
- What curriculum is currently being used?
- A member asked what directed athletics are.
- The current policy matches the RWC language.
- A member expressed concern that the policy has language that requires students to use hand sanitizer.
- A member said there is no time to put away coats and it should be removed from the policy language.
- Members discussed that our schools do not have walk routes so that language should be removed.

Members recommended that school staff be made aware of and are educated on the wellness policies and procedures.
